

5800RP

ADEMCO's 5800RP is a wireless repeater that extends the range of 5800 series RF devices. For installations that require increased RF range, the 5800RP eliminates the need to run wires to a remotely installed secondary receiver and also eliminates the need to upgrade to a larger control panel that supports two receivers.

FEATURES:

- Extends the range of 5800 series of wireless devices
- Receives alarm, status and control messages from 5800 RF devices, and repeats these messages to the control panel via the primary receiver
- Compatible with all 5800 wireless devices (including bi-directional devices)
- UL residential burglary listed
- AC powered with a six-hour battery back up
- Tamper protected

KEY BENEFITS:

- Provides extended coverage, reduces labor costs, saves installation time
- Saves wire run to a secondary receiver at a remote location
- Eliminates the need to upgrade to a control panel that support two receivers

SPECIFICATIONS:

Dimensions:

- 7-3/8" W x 4-3/8" (10-7/8" w/antennas) H x 1-7/16" D.
- 188mm W x 112mm H (277mm w/antennas) x 37mm D.

Input Voltage:

- 12VDC or 9VAC, 15VA (from separate power supply such as ADEMCO 1332).

Current:

- 80mA

Battery Pack:

- Rechargeable, part number K0257

ORDERING:

Part No.	Description
5800RP	Wireless Repeater

L/5800RP/D 4/03

**Wireless
Repeater**

Compatibility:

Compatible with 5881EN, 6128RF, 6150RF, 5883H and Lynx
